

CLIVAR—Climate and Ocean: The Next 10 Years of CLIVAR Science as Part of the World Climate Research Programme

Monday, February 22, 2016

12:45 - 13:45

Ernest N. Morial Convention Center – room 225-227

This town hall session serves to inform about the new CLIVAR science directions and to provide a platform to hear and discuss your ideas on future science and implementation needs required to meet urgent climate research goals. The discussion outcomes will be considered as input to the new CLIVAR Science Plan to be presented at the CLIVAR Open Science Conference in Qingdao, China, September 2016 (see www.clivar2016.org).

Programme:

12:45- 13:15 – Panel presentation

Panelists:

Annalisa Bracco & Detlef Stammer, CLIVAR SSG Co-chairs

Bob Weller, USCLIVAR SSC Chair and member CLIVAR Planetary Heat Balance and Ocean Storage Research Focus

Mat Collins – CLIVAR Climate Dynamics Panel Co-Chair and member CLIVAR ENSO in a Changing Climate Research Focus

Shoshiro Minobe - CLIVAR Climate Dynamics Panel Co-Chair

Gokhan Danabasoglu – CLIVAR Ocean Model Development Panel Co-chair and member CLIVAR Decadal Climate Variability and Predictability Research Focus

Matt Palmer – CLIVAR Global Synthesis and Observations Panel Co-chair

Sabrina Speich – CLIVAR Atlantic Region Panel Co-chair

Xiaopei Lin - CLIVAR Pacific Region Panel Co-chair

13:15-13:45 – Audience participation and discussion
