Description:

Raising children is the most important responsibility we have. Are you doing all you can to be the best parent possible?

Dr. Garrett Soldano has spent his entire adult life applying the Universal Laws to athletics and entrepreneurship. Now, he applies these same laws to successful parenting. Turning his efforts to creating a simple yet easy to understand guide for parents, he has outlined a clear path for setting a solid foundation of values for children.

How many times do we see children follow their parents down the same road toward self-destruction

falling prey to behaviors like alcoholism, drug abuse, eating disorders, self-esteem issues, relationship/social difficulties or financial problems? Our children are a product of their environment. Therefore, as parents we must be a positive influence - not only in how we react to situations and events but also by monitoring ourselves constantly in everything that we do and don't do.

With the wealth of knowledge available today, there is no excuse to sit back and not take action against the debacle we are witnessing with our youth.

In *God's True Law*, Dr. Garrett Soldano describes the definite science to being a successful parent. It is built upon a foundation of his life experiences growing up in poverty. The story begins with his two very young parents, completely raw in their skills, living in a trailer park and struggling to make ends meet, who still succeeded in pulling themselves up while providing their sons with all the prerequisites to move forward in life.

Based on his experiences and observations, Dr. Soldano began to study, formalize, and apply the lessons of Universal Laws to parenting. The teachings in this revolutionary book, if applied correctly, will make sure parents' aspirations take root, legacies grow and family trees flourish for generations to come.
