Description:

The road to nursing success begins here!

- A complete review of core concepts.
- More than 2,265 classroom-tested, NCLEX®-style questions.

(Alternate-item format, too!)

- Test-taking hints and rationales for correct and incorrect answers.

TWO BOOKS IN ONE!

Course review now. NCLEX®-prep later.

Assure your mastery of medical surgical nursing knowledge while honing your critical thinking and test-taking skills. The 2nd Edition of this popular resource features 2,000 questions that reflect the latest advances in medical-surgical nursing and the new, 2010 NCLEX-RN® test plan. The seemingly huge volume of information you must master has been organized into manageable sections divided by body systems and specific diseases.

Each chapter is a self-contained unit. For each practice question, you'll find the answer, rationales for correct and incorrect responses, and a test-taking tip. The comprehensive exam at the end of each chapter assesses your strengths and weaknesses, identifying areas for further study.

The bonus CD-ROM, featuring 265 questions, offers an interactive approach to course review and exam preparation.

What instructors and students are saying about the Success Series:

"We have used your products for students to help increase critical thinking skills, prepare for NCLEX and course exams, and for review of nursing content. We recommend students purchase the Success Series and review the content and questions for remediation and to enhance nursing knowledge. The terminology at the beginning of each chapter provide key terms for the students to review before answering questions. The books are all encompassing in regards to what students need to review across the curriculum. We love them!!"

- Louise Outlaw, Instructor at Brown Mackie College, St.Louis

"The success books have helped me so much in many of my nursing courses, specifically in my med-surg nursing class. I found that the success books helped me to know where to focus my studying and also gave me a lot of great review questions that really prepared me for my exams! By using the med-surg success book, my grades shot up from an 89 to a 96. Also through the med-surg success book, my grades were consistently in the mid to high 90's range. I encourage all my friends to use the success books and they can agree that it has really helped them as well." - Esther Hung, Student Nurse at Molloy College, Rockville Centre, NY
