What's NEW in the 4th Edition?

·Builds upon previous editions with new and updated content that reflects the latest research.

·Incorporates evidence-driven recommendations.

·Includes three new health promotion themes:

- Promoting Lifelong Health for Families and Communities
- Promoting Health for Children and Youth With Special Health Care Needs
- Promoting the Healthy and Safe Use of Social Media

·Includes new screen time recommendations

·Provides greater focus on lifelong physical and mental health

-Weaves social determinants of health throughout the Visits, allowing health care professionals to consider social factors like food insecurity, violence, and drug use that may affect a child's and family's health

-Features updated Milestones of Development and Developmental Surveillance questions

·Provides new clinical content that informs health care professionals about the latest recommendations and provides guidance on how to implement them in practice:

-Maternal depression screening, Safe sleep, Iron supplementation in breast fed infants, Fluoride varnish, Dyslipidemia blood screening

·Includes updates to several Adolescent screenings

With Bright Futures, health care professionals can accomplish 4 tasks in 18 minutes!

- Disease detection
- Disease prevention
- Health promotion
- Anticipatory guidance

What is Bright Futures?

- A set of theory-based, evidence-driven, and systems-oriented principles, strategies, and tools that health care professionals can use to improve the health and well-being of children through culturally appropriate interventions. Bright Futures addresses the current and emerging health promotion needs of families, clinical practices, communities, health systems, and policymakers.
- The Bright Futures Guidelines are the blueprint for health supervision visits for all children.
- Bright Futures is the health promotion and disease prevention part of the patient-centered medical home.

Who can use Bright Futures?

- Child health professionals and practice staff who directly provide primary care
- Parents and youth who participate in well-child visits
- Public Health Professionals
- Policymakers
- Pediatric Educators
- MD Residents
