

## **2014 Pan-CLIVAR Meeting Monsoon panels agendas**

### **Asian-Australian Monsoon Panel (AAMP) Room: Africa**

#### **Monday 14 July (am) AAMP meeting**

08:30- 10:30 AAMP activities in new MP [all]

- a. As a task force or activities merged into new MP?
- b. Discussion of panel science and its organisation

*Coffee break*

11:00-11:30 Suggested TOR for AAMTF under MP [all]

11:30- 12:30 Review input for CLIVAR science plan [all]

*Lunch*

### **Variability of the American Monsoon Systems Panel (VAMOS) Room: Kilimanjaro 2**

#### **Monday 14 July (am) VAMOS meeting**

08:30 – 08:45 Introduction and charge [Hugo Berbery]

08:45 – 09:15 Report of the LACC and proposed task force: CAMPANA [Roberto Mechoso]

09:15 – 09:30 Future of VOCALS/IASCLIP/ETOS (all ocean based) [Paquita Zuidema, ...]

09:30 – 10:30 Transition to MP: American Monsoon priorities as identified in VPM16 + updates [Hugo Berbery leads general discussion]

*Coffee break*

11:00 – 11:30 Discussion of other climate needs in the Americas [Marcelo Barreiro, Ray Arritt lead discussion]

11:30 – 12:15 Discussion of other proposed activities [e.g., RELAMPAGO –Paola Salio]

12:15 – 12:30 Identification of action items, assign lead.

*Lunch*

## **CLIVAR/GEWEX Monsoons Panel (MP)**

**Room: Africa**

### **Tuesday 15 July (am) AAMP+VAMOS+ Dr Rao of ICMPO**

08:30 – 08:40 Introductions [Dr Rao/ICMPO ← → AAMP/VAMOS]

08:40 – 09:00 Update from Year of Maritime Continent plans [Kunio Yoneyama]

09:00 – 09:30 Moving from the old to new panels and ICPO structures [co-chairs; ICPO Officers]

09:30 – 10:30 Proposed initial activities for ICMPO [discussion with Rao]

- a. Establishment of a CLIVAR-led mailing list and web portal
- b. CLIVAR Exchanges special issue on monsoons
- c. Improvement of capacity building

*Coffee break*

11:00 – 11:45 Proposed initial activities for ICMPO (cont)

11:45 – 12:30 Interaction with relevant research foci and WCRP GC themes [Andy Turner, Tianjun Zhou]

- a. Distribution for breakout groups later in the week

*Lunch*

### **Tuesday 15 July Monsoons Panel discussion (pm)**

14:00 – 14:20 The new CLIVAR panel structure, relationship with GEWEX [co-chairs; CLIVAR support]

14:20 – 14:40 Relationship with the new ICMPO and proposed initial activities

- ♦ Establishment of a CLIVAR-led mailing list and web portal
- ♦ CLIVAR Exchanges special issue on monsoons
- ♦ Improvement of capacity building

14:40 – 15:00 Global monsoon MIP towards CMIP6 [Tianjun Zhou]

*Coffee break*

15:30 – 15:50 Monsoon-land interaction work [Paul Dirmeyer]

- ♦ A land-atmosphere MIP?

- ◆ Contributions also from R Krishnan, Aaron Boone, Yongkang Xue

15:50 – 16:10 Interaction with the S2S project and studying short-term monsoon predictability in the S2S resources / WGSIP / GASS

16:10 – 16:30 New activities in urgent need of spin-up; relationship to the CLIVAR RFs and WCRP GCs

- ◆ Organization into breakout groups for later in the week

16:30 – 16:50 Regional spin out groups/task forces [AAMP/VAMOS]

16:50 – 17:00 AOB

- ◆ Recording and accessibility of old panel webpages
- ◆ CORDEX update [R Krishnan]

17:00 – 17:30

- MP TOR [all]
- Membership and membership revision [all]
- Identification of Action Items
- Draft some introductory material for the CLIVAR Science Plan
