2nd Session of OMDP
'Extended' Meeting on
Forcing Ocean-Ice Climate Models

Welcome/Logistical Information

Yoshiki Komuro (JAMSTEC)

CLIVAR/JAMSTEC Workshop on the Kuroshio Current and Extension System: Theory, Observations, and Ocean Climate Modelling

JAMSTEC, Yokohama, January 12-13, 2016

Group photo, January 13, 2016

Highlights of the Kuroshio Workshop

- 72 participants from 9 countries, 34 talks and 6 posters
- Scientific talks on observations, ocean dynamics, modeling (high-res., assimilation), air-sea interaction, and marine ecosystem
- Discussion on collaboration among projects, availability of datasets, communication among modelling/observational groups, ...
- Workshop Deliverables
  - Enhanced inter- and intra- observational and modelling coordination and collaboration
  - Producing CLIVAR Exchanges Special Issue
  - Workshop report

Sessions

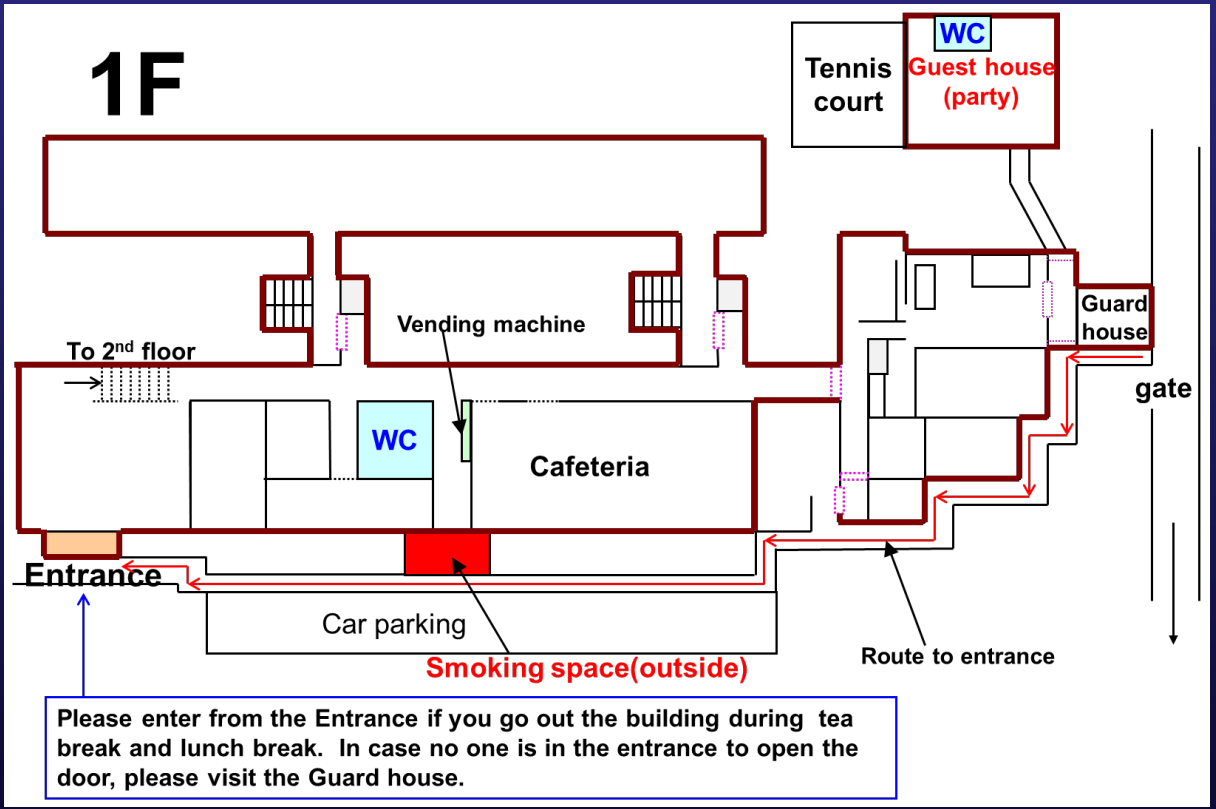
Oral session

- Timetable on the agenda is for rough guidance only
  - Bells will not be used in this meeting
- During the break before the session, please load your presentation file to Widows PC/Mac on the speech table.
  - If you would like to use your own PC, please tell it to the staff

Lunch and Break

- Lunch: 12:50-13:50, in the cafeteria (1st floor)
- Break: at the foyer (next to this hall)

No food and drink is allowed in this hall



OMDP Dinner

- Tonight, 8:00 pm
- At SANGENDOU (Japanese-style pub)
- We will leave Washington Hotel at 7:40 pm
- You can go directly by yourself

Wireless LAN

- JAMSTEC wireless LAN for guests (see handout)
-

service is also available
