Arctic Processes
CMIP6 bootcamp

Learn how to work with climate model (CMIP6) data, from the modellers who produced them.

Use these data in conjunction with other datasets to answer crucial science questions about the past, present or future Arctic climate system, under the guidance of experts in the field.

Contribute to the publications resulting from the bootcamp.

Apply here: https://sunet.artologik.net/gu/NORP_CMIP6bootcamp
The deadline is 29th April 23.59 CEST.
More information: cmip6bootcamp@gmail.com

Organised by the CLIVAR/CliC Northern Oceans Region Panel:

5-14 October 2022
Helgoland, Germany*

* The summer school will be subject to COVID-development by autumn 2022
