Description:

Review "Jed Baker, in this excellent book, gives us the tools to deal with and prevent out-of-control behavior. Wisely, he leads us grown-ups to understand how to change our own behavior in order to help our children change theirs." -- Carol Stock Kranowitz "Author of best-seller The Out-of-Sync

Child"

About the Author Having earned his MA and Ph.D. in clinical psychology from the University of Albany, Dr. Jed Baker is a behavioral consultant for several New Jersey school districts where, nearly two decades ago, he organized a group to help children with social communication problems. That group expanded and ultimately became the Social Skills Training Project under Dr. Baker's directorship. Dr. Baker also lectures all over the world on social skills training. His work has been featured on ABC News and Nightline.
