Description:

Review Its quiet eloquence, its factual precision, its emotional restraint...make it a book of great emotional impact. -- *The New York Times*

The most convincing, most moving account I have yet read about what it was like to be in Vietnam. -- *Newsweek*

From the Author "These pages were not written in desperation, nor were they written out of boredom, or even, I think, to prove a point, but rather to offset the sinking feeling we all had that some day, when the whole thing was over, there would be nothing remembered except the confusion

and the politics.

I certainly did not see it all, and in truth I have dealt with only a small part, but I saw enough, more than enough. They all came through the hospitals of Japan, one of which I was assigned: the 9th Division fighting in the Delta-the Riverines-the 1st Air Cav, the 101st, the 4th and the 25th, the 1st and the 173rd, the chopper pilots and the RTO's, the forward observers, the cooks, the medics and the sergeants... the heroes and the ones under military arrest, the drug addicts and the killers. Sooner or later they all came to us at Zama.

The stories I have tried to tell here are all true. Those that happened in Japan I was part of; the rest are from the boys I met. I would have liked to disbelieve some of them, and at first I did, but I was there long enough to hear the same stories again and again, and then to see part of it myself." --This text refers to an alternate edition.
