Description:

Keith is an 18 year old high school student living in Harlem. He has a life plan that includes being the class valedictorian and going to Columbia University. His mother is a recovering drug addict and his family is broken in most meanings of the word, but he has remained unfazed by his surroundings. He meets two cousins, Jesse and Derrick, and his senior year is turned on its head as he finds himself in a love triangle that leads to the discovery of details from his past that his mother wanted to keep hidden forever.
