the fifth edition shines a brighter spotlight on the development of a multicultural orientation, the three principles of multicultural competency, collaborative goal-setting, the nature and process of working in crisis situations, and other key topics that will prepare you to enter your field with confidence, competence, and sensitivity. Included with this text is an access code for the Video Resource Center that features commentary from the authors, as well as counseling demonstrations that show what clinical interviewing skills look like in different environments and with a range of clients.
