## Description:

**From Publishers Weekly** Starred Review. The exciting third novel in Iggulden's Genghis Khan series tells the dramatic story of the Mongol invasion and conquest of Central Asia. Genghis has already defeated the Chinese and Koreans, and now marches his vast army west to punish and conquer the Muslim lands of central Asia ruled by Shah Mohammed. For eight years the Mongols ravage the shah's empire, crushing armies, destroying cities and slaughtering anyone who resists. Iggulden's vivid descriptions of bloody battles, masterful sieges and political intrigue are gripping, showcasing Genghis's brilliance as a strategist, tactician, administrator and leader. Side plots include the deadly rivalry between two of Genghis's sons, the rape and murder of Genghis's sister by a trusted adviser, the surprising rise of the shah's son as a capable enemy and the treachery of Genghis's son toward his father. This is epic historical fiction at its finest: exciting, suspenseful, colorful and well-grounded in fact. With this tale, it is easy to see why the name Genghis is synonymous with conquest and military genius. (*Mar.*)

**From** Genghis Khan continues his conquest of Asia in the third installment of Iggulden's stirring epic (following *Genghis: Lords of the Bow*, 2008, and *Genghis: Birth of an Empire*, 2007). As Genghis and his armies push into central Asia, they are challenged by the crafty and powerful Shah Mohammed. The Arabs prove to be formidable enemies, and the Mongols spend years attempting to defeat them. Meanwhile, Genghis is threatened by forces within his own camp as two of his sons vie for influence among factions of warriors. Iggulden's mastery of the battle scene is in evidence as the brutally long campaign rages on. This appropriately page-turning treatment of a sweeping historical saga will appeal to fans of gritty combat fiction. --Margaret Flanagan --This text refers to the edition.
