#### **Description:**

Federal-state relations remain contentious as states continue to face stark choices over funding and public services seven years after the start of a recession that's been slow to end. The worst of the economic hardships appear to have passed, but state and local budgets continue to be tight. The new edition of *Governing States and Localities* continues its focus on economic and budget pressures as they play an important role in the issues facing states and localities concerned with charting a path for the future.
