Description:

Madison Avenue magic: The twists, turns, and talents that make *Mad Men*

With its **brilliant writing, spot-on acting, faultless art direction, and impeccable costume design**, *Mad Men* is a landmark for cable television. Never before has a period series offered such **compelling plotlines alongside such painstaking attention to detail and accuracy**. As the show's personal and professional machinations evolve, so too are the **minutiae and the milestones of history in motion**, from the shifting height of hemlines to the struggles of the civil rights movement.

This book is TASCHEN's tribute to *Mad Men*'s television art. Volume 1 chronicles the show's seven seasons with sequential stills alongside key script excerpts. From a sideways glance to a cavorting office Christmas party, each frame captivates in its masterful visual storytelling, its **choreography of people, places, and situations down to the most discrete, dynamic detail**.

Volume 2 brings a wealth of behind-the-scenes insights with **on-set photographs, production ephemera, costume designs, notes from the writers' room**, as well as **extensive and candid interviews** with the show's creator, **Matt Weiner**; the "Writers' Room" (Lisa Albert, Semi Chellas, Jonathan Iгла, Andre & Maria Jacquemetton, Janet Leahy, Erin Levy, Tom Smuts, Carly Wray); Scott Hornbacher (executive producer and director); Phil Abraham (cinematographer and director); Chris Manley (director of photography); Dan Bishop (production and set designer); Janie Bryant (costume designer); and Jon Hamm (actor and director).

From the **plot twists that took our breath away** to the **unforgettable outfits**, from the shapes and textures of '60s decor to to the very real **intricacies of relationships**, discover the ideas, inspirations, and talents that brought human lives and human history together on the small screen.
