Description:

Review "I loved this artfully told tale of lingering love and mysterious legends. In *Mythology*, Boswell has created a brilliant story so real it breathes." - David James, Author of *Light of the Moon*

About the Author Originally from upstate New York, Helen Boswell spent several years of her early adult life tromping around in the city of Buffalo with frequent trips to Toronto, Canada. These two cities in particular serve as inspirational settings for her urban fantasies, and while Helen has since moved to live in the southwestern United States, she will have fond memories of urban life and high-heeled sneakers for all eternity.

Helen earned her Ph.D. in Biological Sciences from the University at Buffalo and dedicates her time to teaching biology and other fun things to college students, spending time with her wonderful family, and eating chocolate while writing.

The YA urban fantasy MYTHOLOGY is her first novel and the first one in the Mythology Series.
