Description:

We catch every green light, get a parking space in the busiest section of town, lose a job and get a job offer the very same day. Most of know it as synchronicity. Authors Charlene Belitz and Meg Lundstrom call it flow--the times when things happen effortlessly, everything falls into place, and timing seems perfect. Unfortunately, being in the flow often feels like an accident rather than a choice. By interviewing over 50 "flowmasters" and incorporating their own professional experiences, the authors came up with 14 practical steps to help us find our flow. --This text refers to the edition.

Review "There is a natural joyous current in life, and tapping into it is what this book is all about. If you prefer happiness and delight to being stuck, read *The Power of Flow*." Larry Dossey, M.D., author of *Healing Words*

At last, a really practical book showing you ways to embrace the abundance of the universe, easily and effortlessly. I highly recommend *The Power of Flow*."

Louise L. Hay, author of *You Can Heal Your Life* and *Life! Reflections on Your Journey*

An outstanding contribution to our understanding of the deeper processes that shape our lives. Reading this book is a continual encounter with a part of us that always lives in harmony and attunement with the cosmos. Allowing this part to emerge and becoming a flow-master is one of the spiritual tasks before us in the next century. *The Power of Flow* eloquently launches us on our way.

David Spangler, author of *The Call and Everyday Miracles*
