Description:

Review "Ebony Brown is discovering life doesn't always work the way that she'd like. She'll have to leave her home and Ajay the boy she's come to love very much. Time Will Reveal is a coming of age novel. Overall the story is entertaining and often emotional and very much like a real family unit."

In a minute

I love the fact that you can entertain us with your stories but I cherish the words that you feed our minds and souls! *CREW4LIFE* Danielle Grant [St. Louis] 9/16/12

From the Author This series about Ebony, Anthony and their crew takes you from the mischievous adolescent stages [Time To Learn part 1 and Time To Grow part 2] into productive adulthood [Time To Love part 3 and Time To Know part 4] and eventually to being parents themselves [Time To Feel part 5 and Time To Show part 6], where they have to set examples for their own children. The examples that were taught to them by their parents and grandparents are to marry for life, persevere through whatever trials you face and build upon what was achieved by the last generation.
