**Description:**

**From Publishers Weekly Starred Review.** Edgar-winner Lippman, author of the Tess Monaghan mystery series (*No Good Deeds*, etc.), shows she's as good as Peter Abrahams and other A-list thriller writers with this outstanding stand-alone. A driver who flees a car accident on a Maryland highway breathes new life into a 30-year-old mystery—the disappearance of the young Bethany sisters at a shopping mall—after she later tells the police she's one of the missing girls. As soon as the mystery woman drops that bombshell, she clams up, placing the new lead detective, Kevin Infante, in a bind, as he struggles to gain her trust while exploring the odd holes in her story. Deftly moving between past and present, Lippman presents the last day both sisters, Sunny and Heather,

were seen alive from a variety of perspectives. Subtle clues point to the surprising but plausible solution of the crime and the identity of the mystery woman. Lippman, who has also won Shamus, Agatha, Anthony and Nero Wolfe awards, should gain many new fans with this superb effort. *9-city author tour. (Mar.)*

**From School Library Journal** Adult/High School--After fleeing a car accident, a middle-aged woman with no ID is questioned by both the police and hospital administration. Refusing to reveal her identity (and proof of health insurance), she instead hints that she is the younger of two sisters, Heather and Sunny Bethany, who disappeared the day before Easter in 1975. This gets everyone's attention. She knows both too much and not enough about the case, leading Baltimore police on wild goose chases to Pennsylvania and Georgia, saying just enough to stay out of jail and keep them interested, albeit suspicious. The narrative threads unravel into the various accounts of that Saturday's events, the aftermath of the disappearance, the investigation, and Heather's own increasingly desperate attempts to evade further disclosure. This novel is a page-turner. Tantalizing revelations are dropped at chapter ends before veering into another part of the narrative, back and forth in time. Characters are well defined and varied, each with a different perspective on the nature of grief. Ultimately, after all of the half-truths and deceptions are played out, unexpected but moving forgiveness wins out.--*Jenny Gasset, Orange County Public Library, CA*
